12 RESPONSIBLE
CONSUMPTION
AND PRODUCTION

Environmental

We are working to minimize our impact on the planet by taking climate action, driving the transition to a circular economy, implementing EcoDesign in our products, and partnering with our suppliers to reduce their environmental footprint.

Social

We aim to deliver social impact by improving people's health and well-being, offering the best place to work, and engaging with our suppliers and the communities where we operate.

16 PEACE, JUSTICE AND STRONG INSTITUTIONS

Governance

At Philips, everything we do is anchored by ethical and responsible practices. Our management structure, operating model, ethics framework and robust risk management help us maintain the highest standards.

The screenshot shows the homepage of the regreener website. The header includes the logo 'regreener' and navigation links for 'Persoonlijk', 'Zakelijk', 'Projecten', and 'Over'. A 'LOG IN' button and a Dutch flag are also present. The main content area features a large illustration of a tree with a play button in its canopy, a child planting a sapling, and an elderly man with a cane. Text on the page reads: 'De beste manier om klimaatverandering tegen te gaan.' followed by 'Herstel onze ecosystemen vanaf €1,60 per week.' and 'Maak het verschil in een paar minuten'. Two buttons, 'Aanmelden' and 'Voor Bedrijven', are provided. The footer contains the text 'voor een missie die groter is dan wijzelf' and lists partners: 'onze bomenplant partner', 'regenwoudbescherming door', and 'gecertificeerde projecten door'. Logos for 'THE GLOBAL GOALS For Sustainable Development', 'Eden Reforestation Projects', 'RAINFOREST PARTNERSHIP', 'Verified Carbon Standard', 'Gold Standard', and 'UNFCCC' are displayed at the bottom.
